2022 Achieve Atlanta Scholars, Families, and Supporters,

Congratulations on the great accomplishment of getting through high school!

The transition from high school to any postsecondary educational experience is a time of tremendous change for all involved. To help you to continue to be successful, we have created this Scholar Night event to celebrate what already has been done, and College Nights to prepare you for your successful transition to college. These two events have been designed to support you, answer any questions, and provide information that will help you comfortably and confidently navigate the uncertainty ahead.

Thank you for participating in both Scholar Night and College Nights! We hope that this Scholar Induction Resource Guide will be helpful as you prepare for your college journey.

Sincerely,

Tina Fernandez

| **Complete Requirements To Receive Financial Aid Awards**            | • Once admitted to a school, a financial aid award package will be generated and sent to you  
• Some students are asked to go through a verification process where income is verified through additional documents; complete this process promptly  
• If your or your family’s financial situation has changed from 2019 (e.g. loss of job), ask your financial aid office about a special circumstances appeal | • Financial aid offices; especially if your financial aid award package is delayed or your family’s financial situation has changed

• Grants, scholarships and loans may all be part of aid offered  
• Grants and scholarships should be accepted; these do not require repayment  
• If considering loans, understand loan terms and repayment plans  
• In most cases, federal student loans have more favorable loan terms than private loans | • Financial aid offices  
• finaid.org  
• bigfuture.collegeboard.org/pay-for-college/scholarships-grants-loans/loans

Financial Planning Worksheet

You can use this worksheet as a tool to help you understand your estimated college costs.

**Step 1:** Retrieve the financial aid award package received from your college. If your award package does not include costs, you can find most of the costs from your school’s website or ask the financial aid office. You can also find the costs for each college at [https://nces.ed.gov/globallocator/](https://nces.ed.gov/globallocator/). If annual amounts are given, divide by two to get the amount for fall and spring.

**Step 2:** Calculate Estimated Cost of Attendance (COA)

<table>
<thead>
<tr>
<th>Line</th>
<th>Type of Expense</th>
<th>Tips</th>
<th>Fall Amount</th>
<th>Spring Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>

</tr>
<tr>

<td>If you’re living on campus, this includes the cost for your dorm and meal plan. If you’re living off-campus, estimate your cost for rent, food, and utilities for 5 months per semester.</td>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>C</td>
<td>Transportation</td>
<td>Car maintenance and gas or public transportation.</td>

</tr>
<tr>
<td>D</td>
<td>Books/Supplies</td>
<td>This includes textbooks and school supplies. Consider renting your textbooks online as it may be cheaper than buying them.</td>
<td>$</td>

</tr>
<tr>
<td>E</td>
<td>Personal Expenses</td>
<td>Miscellaneous expenses including laundry, cell phone, or any other typical expenses.</td>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>F</td>
<td>Total Charges</td>
<td>Add rows A through E</td>
<td>$</td>
<td>$</td>
</tr>
</tbody>
</table>

**Step 3:** Calculate Estimated Financial Aid (refer to your Award Letter or School’s Portal)

<th>Spring Amount</th>
</tr>
</thead>
<tbody>
<tr>

<tr>

<td>Direct Subsidized Loan</td>
<td>You must pay back any type of loan you take out.</td>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>L</td>
<td>Direct Unsubsidized Loan</td>
<td></td>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>M</td>
<td>Federal Work Study</td>
<td>If awarded, it is a part time job to earn money for education expenses.</td>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>N</td>
<td>Total Financial Aid</td>
<td>Add rows G through M</td>
<td>$</td>
<td>$</td>
</tr>
</tbody>
</table>

**Step 4:** Calculate Out-of-Pocket Costs

<table>
<thead>
<tr>
<th>Line</th>
<th>Subtotal</th>
<th>Fall Amount</th>
<th>Spring Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>O</td>
<td>Total Charges (Line F)</td>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>P</td>
<td>Total Financial Aid (Grants, scholarships, and loans) (Line N)</td>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>Q</td>
<td>Difference after all aid applied (Line O minus P)</td>
<td>$</td>
<td>$</td>
</tr>
</tbody>
</table>
Review line Q and use this worksheet to help determine your estimated school costs.

If line Q is positive, you should have enough financial aid to cover all your estimated school expenses and you may receive a refund of any surplus after your tuition and dorm bills have been paid. Budget any surplus to cover expenses throughout the entire semester, as this money may be needed to cover indirect expenses such as off-campus room and board, transportation, books, and personal expenses.

If line Q is negative, you will need a plan to cover some of the expenses listed above. Some resources available might be getting a part-time job, receiving family contributions, reducing your expenses, applying to additional scholarships, and/or finding additional sources of money.
